LIGHT TECHNOLOGY PUBLISHING PRESENTS
GEMATRIA
LASER-ENHANCED SUPPLEMENTS

ABOUT GEMATRIA PRODUCTS & DR. TODD

Gematria Products Inc. is the brainchild of Todd Ovokaitys, MD, CEO, and nutritional formulator. Dr. Todd, as he is called, is a widely respected researcher, pioneering laser physicist, speaker on the topics of antiaging and life enhancement, and an expert in the fields of longevity and DNA rejuvenation.

Gematria products are created with the intent to provide the most scientifically advanced and safe nutritional supplements available today. Gematria's line focuses on antiaging, brain performance, and joint support — though there is something for every system of the body. Dr. Todd's precise formulas are further enhanced by a patented laser technology called "quantum coherence modification," or QCM Technology™, which reshapes molecules and enhances their nutritional absorption. QCM Technology™ homogenizes the molecules, making them self-similar and thus easier for your body to use. This homogenization has been revealed through the hard science of x-ray crystallography.
